Read all instructions before starting assembly.

Step #1 Remove all the contents from the package checking that all of the components listed in "Packaged" are included. Prepare a flat, protected work surface where the product can be assembled.

Step #2 Carefully remove drawer assembly from Console (A) and lay Console upside down on work surface. Align one Threaded Rod (D) over threaded insert hole in bottom of Console (A) and twist threaded rod half way into block. Align top of Leg Turning (B) over protruding threaded rod and twist Leg Turning until loosely tightened. Repeat procedure for remaining legs.

Step #3 Position Shelf (E) over matching holes in Leg Turnings (B). Align Short Leg (C) with protruding hanger bolt over Shelf hole and push thru into matching threaded insert in lower portion of upper Leg and loosely twist on. Repeat procedure for remaining legs.

Step #4 Securely* tighten all four Long Legs (B) and finally twist tighten* all four Short Legs (C).

Step #5 Carefully lift assembled Console Table into upright position and reinstall drawer assembly.

(*) Caution: DO NOT OVERTIGHTEN.
